Core Capability Definitions:

<https://www.fema.gov/core-capabilities>

Cybersecurity:

Protect against damage to, the unauthorized use of, and/or the exploitation of (and, if needed, the restoration of) electronic communications systems and services (and the information contained therein).

Intelligence and Information Sharing:

Provide timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning threats to the United States, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by Federal, state, local, and other stakeholders. Information sharing is the ability to exchange intelligence, information, data, or knowledge among Federal, state, local, or private sector entities, as appropriate.

Public Information and Warning:

Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard, as well as the actions being taken and the assistance being made available, as appropriate.

Operational Coordination:

Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of core capabilities.

Mass Care Services:

Provide life-sustaining services to the affected population with a focus on hydration, feeding, and sheltering to those who have the most need, as well as support for reunifying families.

Mission Area Definitions:

<https://www.fema.gov/mission-areas>

All:

The All mission area comprises those capabilities across all five mission areas defined by the Federal Emergency Management Agency (FEMA) to include Prevention, Protection, Mitigation, Response, and Recovery.

Prevention:

The Prevention mission area comprises "the capabilities necessary to avoid, prevent or stop a threatened or actual act of terrorism. It is focused on ensuring we are optimally prepared to prevent an imminent terrorist attack within the United States".

Protection:

The Protection Framework houses "the capabilities necessary to secure the homeland against acts of terrorism and manmade or natural disasters".

Mitigation:

Mitigation comprises "the capabilities necessary to reduce the loss of life and property by lessening the impact of disasters".

Response:

Response comprises "the capabilities necessary to save lives, protect property and the environment, and meet basic human needs after an incident has occurred".

Recovery:

Recovery comprises "the core capabilities necessary to assist communities affected by an incident to recover effectively".
