

PUBLIC ASSISTANCE BULLETIN – COVID 19 DEADLINES

BULLETIN #64 – 3/31/2022

In recognition of the progress made in responding to the pandemic, FEMA released a memo establishing two new deadlines for the public assistance program to assist states, tribal nations, localities, territories and eligible PNPs in making their requests for PA and submitting applications for funding.

These deadlines define several time frames for applying for PA funding, supporting applicants in making funding decisions and enabling FEMA to process funding that is needed to address the incurred costs in responding to the pandemic over the last 2 years.

New Deadlines:

- **FEMA has determined that it is appropriate to set July 1, 2022 as the deadline to submit RPAs.** FEMA may further extend the RPA deadline up to 90 days after 7/1/22 when the recipient makes a request in writing and the request is based on extenuating circumstances
- FEMA has established an interim deadline that applies to all work under COVID-19 declarations that are awarded at 100% Federal funding. **The deadline to submit funding requests for work performed through July 1, 2022 at the 100% cost share is now December 31, 2022.**
