Section III Instructions

Applicants must complete this section and provide the information reported in Section II. Applicants must also complete Schedule A, B, C, or EZ as instructed to estimate a project cost.

General Cost & Work Order Questions

An Applicant may request approval for expedited funding from the Recipient and FEMA if they have an immediate need for funding to continue life-saving emergency protective measures. If approved, the Applicant will be awarded 50% of the FEMA-confirmed project cost based on initial documentation. However, the Applicant will then be required to provide all information, including all documentation to support actual incurred costs, to support the initial 50% of funding before receiving any additional funding. Applicants will be required to return any funds that were not spent in accordance with the program's terms and conditions. In general, Applicants who have never received FEMA Public Assistance funding and do not have significant experience with federal grant requirements should avoid expedited funding or, at a minimum, discuss expedited funding with their Recipient emergency management office prior to requesting expedited funding. Expedited funding is only available for activities completed during specific time periods.

Is the Applicant's estimated cost for activities reported in Section II greater than or equal to \$131,100.00? *

An Applicant may not request funding for activities conducted prior to 01/20/2020, the beginning of the COVID-19 incident period. This question should be answered once to describe all the activities reported in Section II (i.e. the earliest start date and the latest end date). If FEMA's eligibility criteria for certain activities are limited to specific time periods, FEMA will ask for the time period that a particular activity was or will be conducted.

FEMA determines the eligibility of overtime, premium pay, and compensatory time costs based on the Applicant's pre-disaster written labor policy. For Emergency Work activities conducted by budgeted employees, FEMA will only reimburse overtime salary costs. See PAPPG at pp. 23-26 and 33-35.
