School Audits

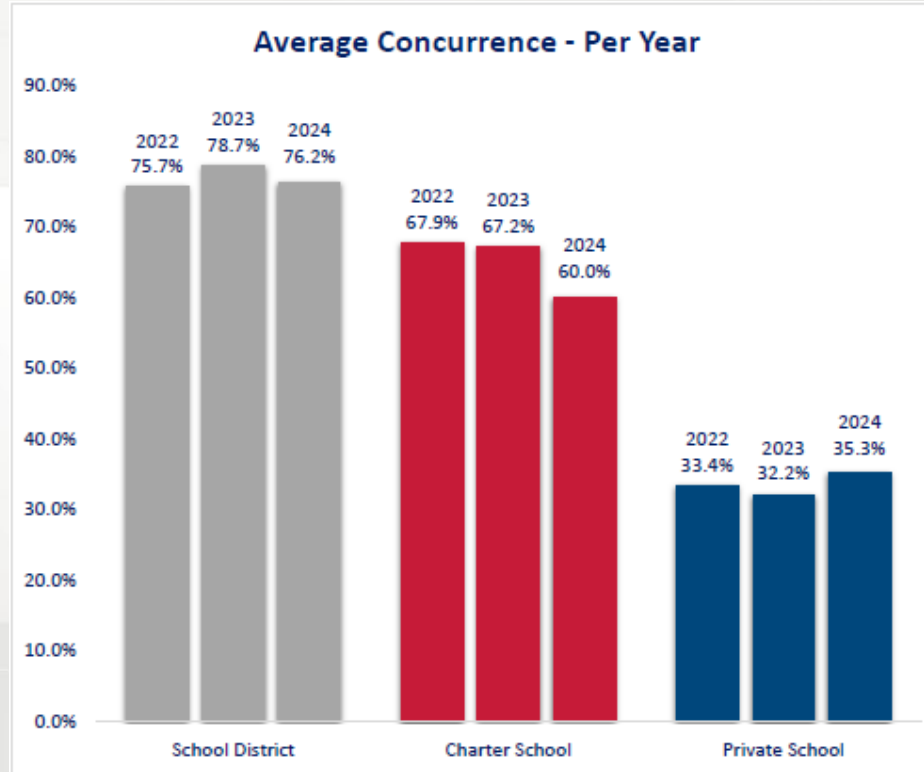

2024 NV School EOP Plans Review Report

- Year 3 of a 5-year cycle of school plan audits
- 50 of 284 plans selected--4 districts, 21 charter, and 22 private schools
- 11 reviewers (NDEM, NDE, and SPCSA), 63% veteran reviewers
- 51 question survey based on NRS plan requirements

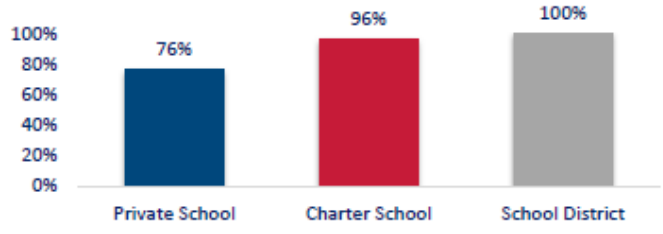

Overall NRS Concurrence

Average Concurrence per Year

Top 3 Areas of High Concurrence

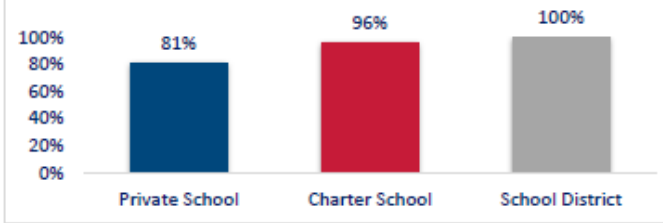

Q25: Does the plan include a procedure for securing school during the response to a crisis or emergencies?

Total Schools Compliance

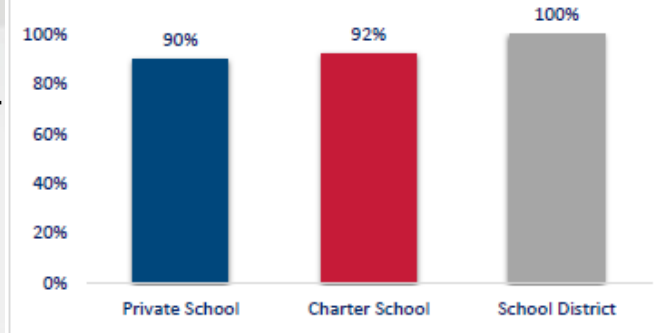

-88%

Q26: Does the plan include a procedure for carrying out a lockdown at a school during a crisis or emergencies?

-90%

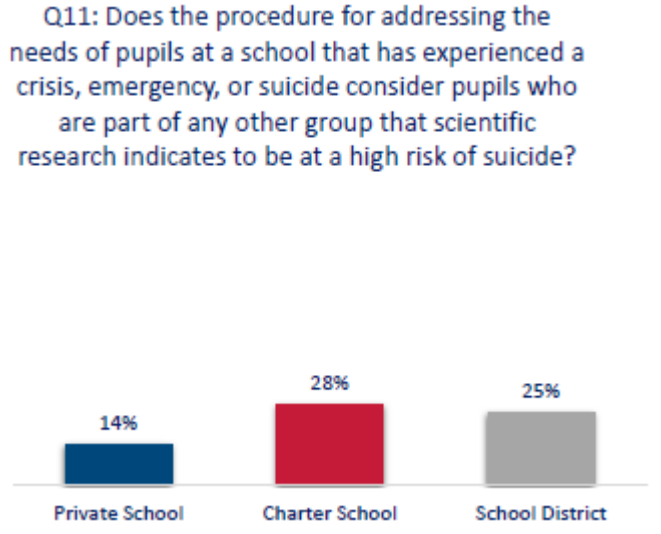

Q21: Does the plan include a procedure for evacuating a school during the response to a crisis or emergencies?

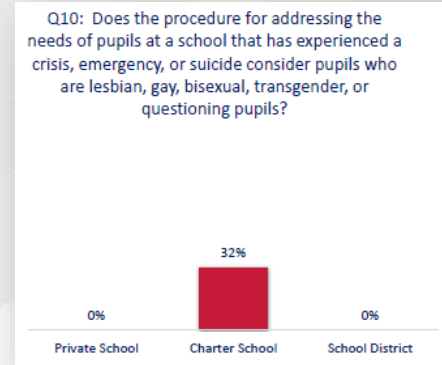

92%-

3 Lowest Areas of Concurrence

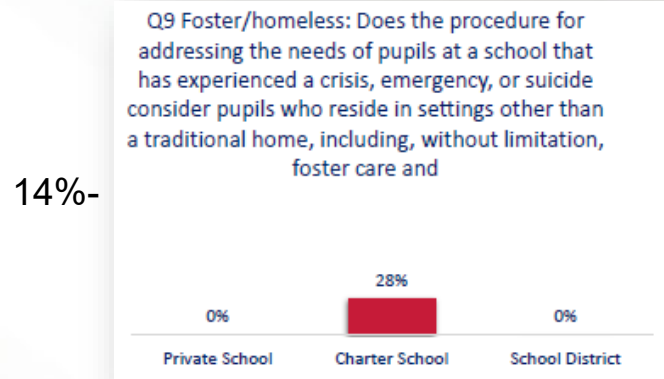

Total Schools Compliance

-22%

16%-

14%-

Conclusions

Continued Collaboration and Resource Improvement:

- NDEM and NDE teams continue the yearly school plans working group
- NDE builds model plan with NDEM collaboration
- NDE and NDEM partner to develop a plan submission checklist with focus on NRS
- NDEM supports School Safety Conference coordination and has an appointed member to the Committee on Statewide School Safety

Improvements and Achievements

- School Plans Review Working Group completed all reviews within a timeline reduction of 50% compared to last year
- Consistent findings prioritize improvement projects to enhance technical assistance
- School audit plans begin to identify strengths in response actions and areas of improvement in recovery actions concerning pupils with access and functional needs, behavioral health concerns, and pupils within LGBTQ and homelessness communities
