Pre-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

✓ Yes

No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds.

Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

✓ Yes

No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

Yes

No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

Yes, we have formally adopted NIMS

No

No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

Yes, my jurisdiction participated

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

Washoe County/TRIAD CBRNE HazMat Standardization

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section (Page 6).

Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE

✓ Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change

Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

Chemical, Biological, Nuclear, Radioactive, and Explosive-Urban/Rural Frontier HAZMAT

5. Please choose one of the five mission areas or you may choose "All of the Above".

Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism

Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive.

Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.

Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.

Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

✓ All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

Fatality Management Services

Fire Management and Suppression

Infrastructure Systems

Logistics and Supply Chain Management

Mass Care Services

Mass Search and Rescue Operations

✓ On-Scene Security, Protection, and Law Enforcement

Operational Communication

Public Health, Healthcare, and Emergency Medical Services

Health and Social Services

Economic Recovery

Natural and Cultural Resources

Housing

Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

Planning

- Operational Coordination
- Forensics and Attribution
- Intelligence and Information Sharing
- Interdiction and Disruption
- Screening, Search and Detection
- Access Control and Identity Verification
- Physical Protective Measures
- Cybersecurity
- Supply Chain Integrity and Security
- Risk Management for Protection Programs and Activities
- Risk and Disaster Resilience Assessment
- Community Resilience
- Long-term Vulnerability Reduction
- Threats and Hazards Identification
- ✓ Environmental Response/Health and Safety
 - Critical Transportation
 - Situational Assessment
 - Not Applicable

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- ✓ Enhancing Community Preparedness and Resilience
 - Enhancing the Protection of Soft Targets/Crowded Places
 - Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
 - Combatting Domestic Violent Extremism
 - Enhancing Cyber Security
 - Enhancing Election Security
 - State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

3%

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

This project will continue to ensure a safe and secure environment by assisting law enforcement with rapid and confident analysis of potential chemical, biological, radiological, nuclear and explosive substances. This project will also enable the Regional Hazardous Materials Response Team to mitigate multiple hazardous materials events in the region when the need arises. Rapid identification of chemical weapons, highly toxic narcotics and explosives is critical to ensure that responders have a clear understanding of the threat at hand, whether an end product of precursor chemicals in a clandestine lab. It will also assist with the early identification and verification of substances for down range operations at multiple incidents.

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

equipment to a second mobile lab within the jurisdiction. Though not officially a "typed" team, the TRIAD strives to maintain the highest response level possible through planning, training, and appropriate equipment acquisition. With advancing technologies, many manufacturers stop supporting older analog technology which forces the purchase of new equipment. The project specifically addresses replacing various types of detection devices with different detection methods. This enables proper prevention, protection, mitigation, response, and recovery of risks within Washoe County and throughout the State.

There are numerous Tier II sites within the County, along major roadways, railways, airports, and the waterways including Lake Tahoe and the Truckee River that could potentially have a release that would cause a catastrophic impact on the community, population, and the environment. Schools and other facilities also have materials that require such equipment to detect and accurately identify. There are many different substances that fall into these categories that require specialized equipment to detect, identify, and provide vital information to responders, planners, officials, and the public. Hazmat release/ chemicals are identified as a Threat of concern in the THIRA.

12. Please explain your project's nexus to terrorism.

The TRIAD is an all-risk, non-typed, Regional HazMat Response Team for Washoe County that responds to all hazards including HazMat and CBRNE events. As the primary responder for the County, the TRIAD is responsible for highway, rail, air, and pipeline incidents. As the primary responders, the TRIAD coordinates with the Consolidated Bomb Squad and the Clear Team for regional support for protecting Washoe County's infrastructure against possible terrorist type activity.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

The goal is the Washoe County Triad/ HazMat CBRNE is to provide updated equipment to a second mobile lab so they have the same capabilities. This will allow the team to mitigate two concurrent incidents at the same time safely, efficiently and effectively.

The Triad Regional Hazardous Materials Team is the primary responder for Washoe County. It consists of over 85 personnel from Reno FD, Sparks FD, and Truckee Meadows Fire Protection District, that is capable of responding outside of the county and still be able to handle a level I incident within the local jurisdiction. The Team regularly responds to incidents where hazmat/CBRNE is located. With the expanding call volume and the rapid changes in technology, the Triad is in need of upgrading equipment on mobile labs and increase training of personnel in the future.

With the increased threats against infrastructure, the increase transport of hazardous and CBRNE materials including radiological WIPP shipments, the increase in mass casualty incidents and the threats at special events, the Team is in need of this equipment to enhance the protection of the public and to coordinate with other local and State agencies as needed.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify who (i.e., staff, contract) will perform the work.

The City of Reno Fire Department will accept the grant as the purchasing agent for the Washoe County/TRIAD Regional HazMat Team. The City will request a formal bid process with a minimum of 3 suppliers for each item requested. The City will choose the supplier, purchase, and receive the equipment following purchasing guidelines. Once received, the TRIAD Regional HazMat Team will inventory, teach in-service training, and place the equipment in service.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim))

\$163,053 100% of the investment will be used in many different aspects of response and detection including, but not limited to mass casualty, threat recognition and mitigation, terrorist interdiction and CBRNE incidents.

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding

The TRIAD will inventory, maintain, and calibrate all of the requested equipment through typical budget channels.

17. Can this project funding request be reduced? Is it scalable? Please answer Yes or No, and explain below.

No. This project can not be reduced.

No. It is not scalable.

These two pieces of equipment are necessary to enhance the capabilities of a secondary mobile lab. This equipment will assist with mirroring the current mobile lab and its capabilities. It will allow the capability for both mobile labs to be used at different incidents as necessary.

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89501

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Build

Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

22. Does this project support a NIMS typed resource? If yes, continue to the next question. To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Hazardous Materials Response Team

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

4-508-1248

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

This request will support and standardize the respective Northern Nevada TRIAD member's equipment as initiated in the FFY21 HSGP grant.

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Initiate - The authorization to begin work or resume work on any particular activity.

Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.

✓ Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.

Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.

Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

	Personnel (Not Contractors) Amount
	Personnel Fringe Benefits (Not Contractors) Amount
	Travel Amount
163053	Equipment Amount (over \$5,000)

Category Budget Totals Narrative

MX 908-C Mass Spec

The MX908C handheld mass spec chemical detection system for gas/vapor, liquids and solids can rapidly detect and identify (at trace levels) unknown chemicals, including chemical weapons, toxic industrial chemicals, highly toxic narcotics, precursors, and explosives. Includes five years of warranty and support.

ThreatID GLS FTIR

The Threat ID is a full spectrum FTIR spectrometer used for prevention, response and mitigation activities. With hot swappable batteries and using fit-for-purpose FTIR technology, the ThreatID provides for immediate, accurate identification of unknown solid and liquid substances, including: TICs, TIMs, Narcotics, Explosives, WMDs, Pesticides and Common Consumer Products.

Pre-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

Yes

No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds. Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

Yes

No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

Yes

No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

Yes, we have formally adopted NIMS

No

No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

Yes, my jurisdiction participated

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

Douglas County CERT

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section (Page 6).

Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE

✓ Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change

Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

Citizen Corp Program - Douglas County CERT

5. Please choose one of the five mission areas or you may choose "All of the Above".

Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism

Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive.

Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.

✓ Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.

Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

\$19,540.43

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

The CERT Program, as a project meets several of the FFY 2022 National Priorities. First and foremost the capabilities of the whole community to effectively implement locally executed, state-managed and federally supported outcome-driven sheltering. Shelter Management and deployment is a basic operational task of CERT in Douglas County. They do in fact, streamline evacuees progress through all phases, including populations with disabilities and other access and functional needs. Our program has been time tested with last year's devastating wildland fires within our jurisdiction. In the area of Public Health, the CERT Project, provided personnel to manage this logistical needs driven by naturally occurring infectious disease with public health and healthcare implications. Specifically, CERT, along with National Guard, Public Health professionals, and volunteer firefighters, managed numerous COVID-19 Testing and later vaccination events over a two year period. Operational Coordination and Communications Coordination was enhanced by CERT Program participation in Nevada Energy's Public Safety Outage Management events. CERT personnel were

cellular and internet connectivity at PSOM locations.

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

This question is specifically asked in the Investment Justification.

The CERT Program fills the gaps in Mass Care by providing a core team of volunteer personnel with specific training in Shelter Deployment and Management. It is a event proven and tested program in as much as our CERT program participate in three full shelter deployments in 2021. The CERT program will be a major contributor towards the THIRA identified need for Family Assistance Center/Reunification Center service within the Quad County areas of Nevada. The desire is to see this objective take place within the grant period. CERT has an opportunity, with appropriate training and exercising , to fill a critical void in support of the unthinkable circumstance of an act of terrorism with in our State.

12. Please explain your project's nexus to terrorism.

Douglas County CERT has become an indispensable resource in our community and with in the region. While its main focus is intended to support a natural disaster, that capabilities and missions for our CERT program certainly would reinforce our response to a terrorism event. Our CERT program would be used to support the establishment of Family Assistance Centers and Reunification Centers. We are currently in the process of developing a regional program and procedures for these two critical needs. The effort, while being lead by public health professional at both the local and state level, has been collaborative with Emergency Management officials as well. Our CERT program is a function of our very robust Emergency Management services provided in Douglas County.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

Our goal is the sustainment of the Douglas County CERT Program. Douglas County is one of a very small number of Nevada Counties that has a well-established CERT program. Not only is our program established, it has been event/incident tested numerous times since its existence . The project will be in direct support of the core capabilities identified in the IPPW. The CERT program and its members play a significant role in the pre-event phase of both large and small scale incident by recruiting members and training those recruited. CERT personnel provide protection by maintaining temporary communications capacity at NV Energy PSOM events. Under response, CERTs contribution are invaluable when it comes to evacuations and shelter deployment and operations. Last year alone, the Douglas County CERT opened and managed shelter facilities for both the Tamarack and Caldor Fires. Fires which had bi-state implications and required state to state coordination. Without CERT in Douglas County, the State of Nevada would not have been able to accommodate the assistance request from both Alpine and Eldorado Counties in California. Under recovery, the Douglas County CERT program works to provide assistance and guidance to those who suffered losses. Working with the East Fork Fire Protection District, some CERT personnel participated in damage assessment, Douglas County CERT maintains capability in three geographic locations with in Douglas County. The Carson Valley, Southern Douglas County, Lake Tahoe areas of Douglas County have CERT personnel available. Douglas County CERT is a resources which not only is available for multiple counties in Nevada, but also for our neighboring counties in California, as demonstrated last year. Sustainment funding is dedicated to the coordination of the program via a contracted coordinator, funding for training and equipping, membership recruitments, and back ground checks.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify who (i.e., staff, contract) will perform the work.

The East Fork Fire District is the contractor for Emergency Management in Douglas County. We have provided this service for over 15 years now under an interlocal contract. CERT falls under our duties and responsibilities for Emergency Management. Currently the CERT Program oversight is assigned to the Deputy Fire Chief/Fire Marshal and the Fire Prevention Division. All Deputy Fire Chiefs are also designated Deputy Emergency Managers for Douglas County. At the next level of management, a contract coordinator is engaged to manage the program, coordinates CERT volunteers, training, exercises, and general administration of the team . Under our program and contract, the District is able to attach training responsibilities to our dedicated Training and Safety Division as well. We also are able to provide the necessary clerical, financial, and support staff needed to manage a first class program. This has allowed Douglas County CERT to provide services beyond the fundamental program and expand into Shelter Management, Public Health emergency assistance with testing and vaccinations, Family Assistance Centers, EOC set up and support, incident rehabilitation for first responders, and volunteer assistance to local military veterans. We have additionally used CERT personnel with qualifications to assist with public information as managed by Douglas County Public Affairs personnel.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim))

0

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

Additional financial obligations created by the project have been funded by the East Fork Fire Protection District and as part of our contracted obligation to Douglas County. This includes staff, vehicle maintenance, facility costs, and support and care needs not funded under grant funds. In some cases, private donations have been dedicated towards the sustainment of the program as well.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

Yes. As always, we realize that the funding under the Home Land Security program is limited. The program is scaleable in the areas of equipment, training, and exercises. These area could be support by other means if necessary. Douglas County has in past grant application and review processes, offered to reduce our request based on available funding .

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89423

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Build

Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

22. Does this project support a NIMS typed resource? If yes, continue to the next question.<p> To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Not applicable

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, Include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes, it supports and maintains our CERT team.

FFY 19 - Douglas County CERT Program, Execute

FFY 20 - Douglas County CERT, Execute

FFY 21 - Douglas County CERT, Execute

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Initiate - The authorization to begin work or resume work on any particular activity.

Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.

✓ Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.

Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.

Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

	Personnel (Not Contractors) Amount
1,310.00	Personnel Fringe Benefits (Not Contractors) Amount

Pre-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

Yes

No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds. Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

Yes

No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

EOC and Command Structure and has been involved since day one in is still involved in documentation, vaccination, and recovery.

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

Yes

No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

Yes, we have formally adopted NIMS

No

No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

Yes, my jurisdiction participated

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

3. Classification - click the primary intention of the Proposed Project (NEW, MAINTAIN, or ENHANCE)

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section (Page 6).

- Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE
- Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change
- Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

Elko County CERT

5. Please choose one of the five mission areas or you may choose "All of the Above".

Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism

Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive.

Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.

Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.

Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

- All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Fatality Management Services
- Fire Management and Suppression
- Infrastructure Systems
- Logistics and Supply Chain Management
- Mass Care Services
- Mass Search and Rescue Operations
- On-Scene Security, Protection, and Law Enforcement
- Operational Communication
- Public Health, Healthcare, and Emergency Medical Services
- Health and Social Services
- Economic Recovery
- Natural and Cultural Resources
- Housing

- Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national->

- Public Information and Warning
- Operational Coordination
- Forensics and Attribution
- Intelligence and Information Sharing
- Interdiction and Disruption
- Screening, Search and Detection
- Access Control and Identity Verification
- Physical Protective Measures
- Cybersecurity
- Supply Chain Integrity and Security
- Risk Management for Protection Programs and Activities
- Risk and Disaster Resilience Assessment
- Community Resilience
 - Long-term Vulnerability Reduction
 - Threats and Hazards Identification
 - Environmental Response/Health and Safety
 - Critical Transportation
 - Situational Assessment
 - Not Applicable

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- Enhancing Community Preparedness and Resilience
 - Enhancing the Protection of Soft Targets/Crowded Places
 - Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
 - Combatting Domestic Violent Extremism
 - Enhancing Cyber Security
 - Enhancing Election Security
 - State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

The contractual amount for the CERT Coordinator and the travel all is allocated to the enhancement of community preparedness and resiliency with the capacity to be available to assist/support in emergency and non emergency events.

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

The Elko CERT program provides training to citizens/whole community to become better prepared and resilient and ready to all-hazards events - to enhance community resilience as well as provide boots on the ground assists and supports to emergency and non-emergency events.

The program provides volunteers with training to assist TSA in CAST/Role Player missions at the Elko airport. The funding requested will be utilized to continue the program and provide outreaches/booth events, training, volunteer opportunities and assists/support to other partner and stakeholder agencies to enhance our community preparedness and resiliency.

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

This question is specifically asked in the Investment Justification.

Each year the Nevada THIRA and SPR addresses the need, especially in frontier areas of having enough personnel to in case of emergencies/disasters - the CERT program provides a whole community approach to providing training/skills for citizens to be better prepared, ready and resilient to handle such events as well as provides volunteer opportunities to assist/support many agencies and their community or state to provide boots on the ground multiplication

Elko County CERT has taken the words of community resilience and whole community approach as not just words but in actions to first responding agencies, community partners, stakeholders with preparedness outreaches and activities to increase awareness of threats and hazards in their communities and to help them be better prepared in such events as well as providing volunteers to assist and support in such events if interested.

The program supports the enhancement of overall preparedness, community resilience, response, recovery and mitigation. The program has provided assists/supports at the EOC, shelter assistance to ARC, food distribution, community based testing and vaccination POD's, volunteer management, and added personnel to non-emergency events, and CAST/Role Players to the TSA program. The program tries to provide a whole community approach of resources to assist in closing gaps in capabilities and help build/strengthen our resilience.

12. Please explain your project's nexus to terrorism.

CERT provides emergency response training to terrorism or suspicious activities as part of the the approved curriculum. It provides educational information to the community on terrorism and cyber security awareness/education.

Due to basic skills training CERT's receive they can provide emergency help until first responders arrive in all types of emergencies to include first aid, active shooter, traffic control, and more.

The Elko CERT program supports and supplies CAST/Role Players to TSA upon request to aid in their drills.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

With this continued investment the program will continue to build a more resilient and prepared community to assist the resiliency of Nevada from the Elko County region/area and support in assisting surrounding areas, counties, and tribal jurisdictions when requested with outreaches, and trainings.

CERT trainings provide the ability for citizens to be able to assist themselves, family, friends and neighbors in time of emergencies as well as provide support to their communities during emergency and non-emergency events.

CERT provides volunteer opportunities which can provide boots on the ground multiplier as well as promotes more community awareness.

The program has been active in such events as flood, winter storm, and very involved with the current pandemic response.

The program partners with other agencies/community groups/stakeholders to provide preparedness education, situational awareness, protective actions, community alerts, shelter set up/tear down, POD's, call centers, and EOC support.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify who (i.e., staff, contract) will perform the work.

The program will implemented by the program coordinator and same will manage the day to day operations to include grants management/administration, reporting requirements, direct planning/coordinating, delivery of programs/trainings/outreaches to Elko County as well as other areas and jurisdictions upon request.

The coordinator works with Elko County Office of Emergency Management, and provides reports Elko County Commissioners, Elko County CFO, Comptroller, Manager, LEPC, DEM, NRAC and works with other agencies and community groups.

The coordinator partners/assists/supports with other stakeholders throughout the region and state of Nevada help prepare, educate, and build a more prepared, resilient and ready community.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: <https://uscode.house.gov/view.xhtml?req=>

With the messaging of the program, outreaches and training we hope to assist in preparing citizens to report suspicious activities and work with a whole community approach in engaged partnerships as in National Prevention Framework

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

The Elko County CERT /NNCCCP program coordinator and travel are funded 100% through this grant request to promote preparedness growth and maintain/sustain the program.

The program will use these funds to continue the empowerment of citizens preparedness abilities and to increase awareness levels to multiple threats and hazards, and to train more citizens to be engaged and utilized to assist/support other agencies and their communities when in need.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

Yes, if needed there could be a reduction made/taken as we have in the past to continue funding to continue the program and provide it benefits.

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89801/89815 (Northeast Nevada)

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Build

Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

22. Does this project support a NIMS typed resource? If yes, continue to the next question.<p> To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

This program provides assists/supports to emergency management and first responding agencies to support various typed NIMS resources through training and exercise

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

NO

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

2019 - Elko County CERT/NNCCCP - Closed out FFY Grant Year 2019

2020 - Elko County CERT/NNCCCP - Support of COVID -19 Pandemic response and recovery - moving forward and grant/program maintenance

2021 - Elko County CERT - Support of recovery of COVID - 19 recovery and grant/program outreach and grant management

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Initiate - The authorization to begin work or resume work on any particular activity.

Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.

✓ Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.

Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.

Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

Yes

No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds.

Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

Yes

No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

Yes

No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

Yes, we have formally adopted NIMS

No

No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

Yes, my jurisdiction participated

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

Elko Bomb Squad Capabilities Maintenance

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section: (Page 6).

- Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE
- ✓ Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change
- Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

Chemical, Biological, Radiological, Nuclear, and Explosive- Elko Bomb Squad, Tahoe-Douglas Bomb Squad, Consolidated Bomb Squad (Washoe, Reno and Sparks), Las Vegas Bomb Squad

5. Please choose one of the five mission areas or you may choose "All of the Above".

- ✓ Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism
- Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive.
- Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.
- Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.
- Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.
- All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Fatality Management Services
- Fire Management and Suppression
- Infrastructure Systems
- Logistics and Supply Chain Management
- Mass Care Services
- Mass Search and Rescue Operations
- ✓ On-Scene Security, Protection, and Law Enforcement
- Operational Communication
- Public Health, Healthcare, and Emergency Medical Services
- Health and Social Services
- Economic Recovery
- Natural and Cultural Resources
- Housing
- Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Public Information and Warning
- Operational Coordination
- Forensics and Attribution
- Intelligence and Information Sharing
- Interdiction and Disruption
 - Screening, Search and Detection
 - Access Control and Identity Verification
 - Physical Protective Measures
 - Cybersecurity
 - Supply Chain Integrity and Security
 - Risk Management for Protection Programs and Activities
 - Risk and Disaster Resilience Assessment
 - Community Resilience
 - Long-term Vulnerability Reduction
 - Threats and Hazards Identification
 - Environmental Response/Health and Safety
 - Critical Transportation
 - Situational Assessment
 - Not Applicable

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- Enhancing Community Preparedness and Resilience
 - Enhancing the Protection of Soft Targets/Crowded Places
 - Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
 - Combatting Domestic Violent Extremism
 - Enhancing Cyber Security
 - Enhancing Election Security
 - State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

3%

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

Bomb Squad capabilities through interdiction and disruption fits into addressing emerging threats FFY 2022 national priorities. The Elko Bomb Squad responds to WMD's, IED threats, suspicious items, actual IED's, and handles post blast investigation. This project would enhance our abilities to respond to these types of incidents.

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

This question is specifically asked in the Investment Justification.

This project goes hand in hand with the active shooter component of Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR). Bomb squad response to WMD's and active shooter

its response vehicle equipped with dismounted X-ray capabilities. The project will allow us to search and interrogate a large amount of suspicious items at incidents in a reasonable amount of time.

The NOFO stated that 5% of the funds will go to Addressing Emergent Threats, such as activities of Transnational Criminal Organizations, open source threats and threats from UAS and WMD. Elko Bomb Squad operations at WMD incidents falls under interdiction and disruption. Also Enhancing WMD and/or improvised explosive device (IED) prevention, detection, response and recovery capabilities is the core use for the equipment in our project. The stakeholders for the SHSP grant money will clearly be able to place this project under the IJ.

12. Please explain your project's nexus to terrorism.

Yes, the threat of terrorist IED bombing on the homeland is a real threat. The Department of Homeland Security states that "A terrorist attack on the United States remains significant and pressing threat. Improvised explosive devices (IEDs) remain the terrorist weapon of choice due to their relative ease of construction, availability, and destructive capacity." the Elko Bomb Squad and the bomb squads across the state including our federal partners have the sole responsibility to mitigate these incidents.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

This project would maintain and enhance the Elko Bomb Squad capabilities for x-ray interrogation and dismounted operations. The improvement of the digital x-ray technology allows the bomb squads to rapidly x-ray multiple devices with smaller amounts of pulses. This would allow teams deployed to move faster through an active shooter environment or WMD incident. If an IED was located the team would be able to render safe the IED through dismounted operations, faster, and more reliable than with our current equipment.

This project would allow the Elko Bomb Squad, Tahoe Douglas Bomb Squad, and Consolidated Bomb Squad to have the same capabilities. This would allow all three squads to work together in a mutual aid incident. Batteries would be interchangeable, dismounted teams would have continuity of equipment and the familiarity of the equipment would allow the team members to work together independent their squads. This would only enhance the interoperability of the 16 bomb technicians throughout the entire northern half of the State of NV and the rest of the state.

The Elko Bomb Squad has a core area of responsibility in Elko County, NV as well as our contract jurisdictions (Lander County, NV, White Pine County, NV, Eureka County, NV, Humboldt County, NV). The Elko Bomb Squad has also been called upon to respond to incidents in the Reno/Sparks area through the Northern Nevada Bomb Technician Task Force and could also respond nationally as a FEMA Type 1 bomb squad.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify who (i.e., staff, contract) will perform the work.

Equipment would be purchased, maintained, trained and implemented by members of the Elko Bomb Squad. All of our grants, tracking, policy, and quarterly reports are handled internally.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim)

100% of the funds will go toward LETPA.

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

If awarded this project, the Elko Bomb Squad would be able to maintain/sustain the upkeep and maintenance related to the project. The digital x-ray system and x-ray generators use commonly used consumables that the Elko Bomb Squad already has on hand and access to in the future.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

No. Our current x-ray system is no longer maintained by the manufacturer. If the x-ray system breaks we will no longer

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89801

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Build
 Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Yes
 No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Yes
 No

22. Does this project support a NIMS typed resource? If yes, continue to the next question.<p> To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Yes
 No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

NIMS Type 1 Bomb Squad

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

6-508-1176

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- ✓ Initiate - The authorization to begin work or resume work on any particular activity.
- Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.
- Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.
- Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.
- Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

	Personnel (Not Contractors) Amount

Pre-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

Yes

No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds.

Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

Yes

No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

Yes to both

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

Yes

No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

Yes, we have formally adopted NIMS

No

No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

Yes, my jurisdiction participated

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

Southern Nevada Counter Terrorism Center SHSP Sustain

3. Classification - click the primary intention of the Proposed Project (NEW, MAINTAIN, or ENHANCE)

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section (Page 6).

Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE

Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change

Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

Fusion Centers - Intelligence and Information Sharing

5. Please choose one of the five mission areas or you may choose "All of the Above".

- Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism
- Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive.
- Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.
- Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.
- Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.
- All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Fatality Management Services
- Fire Management and Suppression
- Infrastructure Systems
- Logistics and Supply Chain Management
- Mass Care Services
- Mass Search and Rescue Operations
- On-Scene Security, Protection, and Law Enforcement
- Operational Communication
- Public Health, Healthcare, and Emergency Medical Services
- Health and Social Services
- Economic Recovery
- Natural and Cultural Resources
- Housing
- Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Planning
- Public Information and Warning
- Operational Coordination
- Forensics and Attribution
- Intelligence and Information Sharing
- Interdiction and Disruption
- Screening, Search and Detection
- Access Control and Identity Verification
- Physical Protective Measures
- Cybersecurity
- Supply Chain Integrity and Security
- Risk Management for Protection Programs and Activities
- Risk and Disaster Resilience Assessment
- Community Resilience
- Long-term Vulnerability Reduction
- Threats and Hazards Identification
- Environmental Response/Health and Safety
- Critical Transportation
- Situational Assessment
- Not Applicable

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- Enhancing Community Preparedness and Resilience
- Enhancing the Protection of Soft Targets/Crowded Places
- Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
- Combatting Domestic Violent Extremism
- Enhancing Cyber Security
- Enhancing Election Security
- State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

100%

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

The Southern Nevada Counter Terrorism Center is one of 78 fusion centers nation-wide. As the state designated fusion center, we have several programs that cover multiple national priority areas including the primary function of intelligence and information sharing, identification of domestic terrorism, target hardening of soft targets/crowded places with our strip camera program, as well as UAS technology.

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

This question is specifically asked in the Investment Justification.

This project is to sustain the Southern Nevada Counter Terrorism Center (SNCTC) which implements the cornerstone of the Department of Homeland Security's vision for protecting the Homeland. This network provides the conduit for the U.S. Intelligence Community to our partners by providing ground information to complement the intelligence streams. This ultimately supports the goal of exchanging information and intelligence which impacts all threats and hazards included within the THRIA. The network collaborates with state, local, and federal partners in an effort to deter, detect, prevent, and/or mitigate terrorism, hazards, and other criminal activity. This is for the protection of the citizens, visitors, and critical infrastructure of the state of Nevada and the United States. As a result of funding, the SNCTC will be able to sustain current operations to meet the Fusion Center Baseline Capabilities / CoC's / EC's. The SNCTC is committed to intelligence and information sharing within the state, regionally, and nationally, to include FEMA Region IX. This project proposal further sustains our efforts to maintain necessary programs throughout our state and continue to operate as the DHS Primary fusion center for the State of Nevada and meets the capabilities of the SPR through the Intelligence and Information Sharing core capability.

12. Please explain your project's nexus to terrorism.

The National Network of Fusion Centers is the cornerstone of the Department of Homeland Security's vision for protecting the Homeland. This network provides the conduit for the U.S. Intelligence community to our partners by providing ground information to complement the intelligence streams. This ultimately supports the goal of exchanging information and intelligence. The network collaborates with state, local, and federal partners in an effort to deter, detect, prevent, and/or mitigate terrorism, hazards, and other criminal activity. This is for the protection of the citizens, visitors, and critical infrastructure of the state of Nevada and the United States. As a result of funding, the Southern Nevada Counter Terrorism Center (SNCTC) will be able to sustain current operations to meet the Fusion Center Baseline Capabilities / CoC's / EC's. The SNCTC is committed to intelligence and information sharing within the state, regionally, and nationally, to include FEMA Region IX. This project proposal further sustains our efforts to maintain necessary information streams throughout our state and continue to operate as the DHS Primary fusion center for the State of Nevada.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

This application is to continue to sustain the Southern Nevada Counter Terrorism Center.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify who (i.e., staff, contract) will perform the work.

This project will be implemented by the Las Vegas Metropolitan Police Department.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination

of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim))

358578.36

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

The existing grant project is sustained by HSGP continued funding.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

No, if we reduce funds, we have to reduce capabilities.

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89106

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Build
- Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Yes
- No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Yes
- No

22. Does this project support a NIMS typed resource? If yes, continue to the next question.<p> To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Yes
- No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

N/A

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

N/A

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, Include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This

question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes this project supports the SNCTC since the inception of the HSGP grant program.

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- Initiate - The authorization to begin work or resume work on any particular activity.
- Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.
- Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.
- Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.
- Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

<input type="text"/>	Personnel (Not Contractors) Amount
<input type="text"/>	Personnel Fringe Benefits (Not Contractors) Amount

re-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

- Yes
- No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds.

Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

- Yes
- No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

yes, COVID19 activation with 2 TTX and 1FSE

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

- Yes
- No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and w supersede.

- Yes, we have formally adopted NIMS
- No
- No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

- Yes, I agree.

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)
Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

State of Nevada DEM NIMS - Maintenance

3. Classification - click the primary intention of the Proposed Project (NEW, MAINTAIN, or ENHANCE)

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section (Page 4)

Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE

Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change
Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

National Incident Management System - State of Nevada DEM

5. Please choose one of the five mission areas or you may choose "All of the Above".

Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism

Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive.

Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.

Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.

Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

Fatality Management Services

Fire Management and Suppression

Infrastructure Systems

Logistics and Supply Chain Management

Mass Care Services

Mass Search and Rescue Operations

On-Scene Security, Protection, and Law Enforcement

Operational Communication

Public Health, Healthcare, and Emergency Medical Services

Health and Social Services

Economic Recovery

Natural and Cultural Resources

Housing

Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

Planning

Public Information and Warning

Operational Coordination

- Interdiction and Disruption
- Screening, Search and Detection
- Access Control and Identity Verification
- Physical Protective Measures
- Cybersecurity
- Supply Chain Integrity and Security
- Risk Management for Protection Programs and Activities
- Risk and Disaster Resilience Assessment
- Community Resilience
- Long-term Vulnerability Reduction
- Threats and Hazards Identification
- Environmental Response/Health and Safety
- Critical Transportation
- Situational Assessment

Not Applicable

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- Enhancing Community Preparedness and Resilience
- Enhancing the Protection of Soft Targets/Crowded Places
- Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
- Combatting Domestic Violent Extremism
- Enhancing Cyber Security
- Enhancing Election Security

State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

64655

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

Lifelines: Safety and Security

- 1) Enhancing cybersecurity
- 2) Enhancing the protection of soft targets/crowded places
- 3) Enhancing information and intelligence sharing and analysis, and cooperation with federal agencies, including DHS
- 4) Combating domestic violent extremism
- 5) Addressing emergent threats (e.g., transnational criminal organizations, unmanned aircraft systems [UASs], weapons of mass destruction [WMD], etc.)

Plus Planning, Training, Exercises and Equipment

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

This question is specifically asked in the Investment Justification.

The outcome of this project sustains the continued delivery of the statewide training, exercise, planning, and resource management programs needed to remain in compliance with federal NIMS requirements. These programs span all of the core capabilities; including those of Operational Coordination, Operational Communication, Public Information and Warning, and Planning; and provides for coordination and cooperation at all levels and for all types of disasters throughout the state. Services will be provided for all jurisdictions and agencies including state agencies, local jurisdictions, tribal governments, and non-governmental organizations. Maintaining NIMS compliance is necessary to ensure all organizations within the state remain eligible for Homeland Security grant funding. The Division of Emergency Management will review priorities as defined by the THIRA/SPR, AAR/IP, and incident-driven gaps to reduce the impacts on Nevada and be better prepared for any hazard.

12. Please explain your project's nexus to terrorism.

Yes- All Operational Coordination and Public Information and Warning functions will be applicable to terrorism events. Planning, Training, and Exercises conducted will prepare organizations and staff statewide to respond to terrorism. Equipment will be used for operational coordination during terrorism events, and resources are being cataloged and typed in preparation for a terrorism event requiring mutual aid.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

The outcome of this project sustains the continued delivery of the statewide training, exercise, planning, and resource management programs needed to remain in compliance with federal NIMS requirements. These programs span all of the core capabilities; including those of Operational Coordination, Operational Communication, Public Information and Warning, and Planning; and provides for coordination and cooperation at all levels and for all types of disasters throughout the state. Services will be provided for all jurisdictions and agencies including state agencies, local jurisdictions, tribal governments, and non-governmental organizations. Maintaining NIMS compliance is necessary to ensure all organizations within the state remain eligible for Homeland Security grant funding.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be

delivered, the various projects identified will be implemented under a "team" approach within the Preparedness and Technical Services Sections of NDEM and placed within a schedule that identifies the phases of each project and their accompanying milestones. In some cases, where contractors are identified for either program support or for specific projects, the EMPM will assign a specific staff member to oversee their project and work performance to ensure programmatic and financial compliance to their portion of the investment. Each individual program: Planning, Training, Exercise, Resource Management, and Credentialing, shall have their portion of the overall investment identified with a programmatic work plan and a budget to ensure understanding and continued compliance with the investment. Quarterly reporting and grant compliance shall be maintained. State rules and regulations regarding purchasing and other areas shall be followed. We shall maintain an "audit-ready" posture throughout the life of the investment. At the conclusion of this investment, we shall provide a report specific to the goals and eventual outcomes achieved by this investment.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)10000](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim)10000)

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

Changes in NIMS requirements and attrition within agencies and organizations necessitate the constant need for NIMS Program investments. NIMS assessments of capabilities such as the Stakeholder Preparedness Review (SPR), Threat and Hazard Identification and Risk Assessment (THIRA), and After Action Reports / Improvement Plans from exercises and real events also demonstrate the continual requirement for a sustained NIMS program. The Integrated Preparedness Plan (IPP) will assist in priority and gap processes. Maintenance funding will also be necessary to maintain technology systems, licenses, and an inventory of ever-changing resources spread out across the state, as well as maintenance of a credentialing system that includes a repository of documents used in support of credential verification.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

Yes- Reductions in funding will directly reduce the planning, training and exercise support to the tribal & local jurisdiction within the state.

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)
89701

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Build

Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

22. Does this project support a NIMS typed resource? If yes, continue to the next question.<p> To search for a resource Please visit:

<https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

not applicable

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

not applicable

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects. Include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

2021 State of Nevada DEM NIMS - Maintenance

2020 NIMS - All Haz Training, Statewide FSE, Planning rework, Resource Management & Credentialing system

2019 NIMS - All Haz Training, Statewide FSE, Planning rework, Resource Management & Credentialing system

2018 MINS - All Haz Training, Statewide FSE, Planning rework, Resource Management & Credentialing system

of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

- ✓ Initiate - The authorization to begin work or resume work on any particular activity.

Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.

Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.

Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.

Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

Pre-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

Yes

No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not affect your ability to apply for FFY 2022 grant funds.

Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

Yes

No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?

Yes

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

Yes

No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and maintain the adoption and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

Yes, we have formally adopted NIMS

No

No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area Working Group (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representation, your application will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22 HSGP Timeline

Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

Yes, my jurisdiction participated

No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.115 because it has been determined that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved in writing by the DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

✓ All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

Fatality Management Services

Fire Management and Suppression

Infrastructure Systems

Logistics and Supply Chain Management

Mass Care Services

Mass Search and Rescue Operations

On-Scene Security, Protection, and Law Enforcement

✓ Operational Communication

Public Health, Healthcare, and Emergency Medical Services

Health and Social Services

Economic Recovery

Natural and Cultural Resources

Housing

Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- ✓ Public Information and Warning
- Operational Coordination
- Forensics and Attribution
- Intelligence and Information Sharing
- Interdiction and Disruption
- Screening, Search and Detection
- Access Control and Identity Verification
- Physical Protective Measures
- Cybersecurity
- Supply Chain Integrity and Security
- Risk Management for Protection Programs and Activities
- Risk and Disaster Resilience Assessment
- Community Resilience
- Long-term Vulnerability Reduction
- Threats and Hazards Identification
- Environmental Response/Health and Safety
- Critical Transportation
- Situational Assessment
- Not Applicable

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- Enhancing Community Preparedness and Resilience
- Enhancing the Protection of Soft Targets/Crowded Places
- Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
- Combatting Domestic Violent Extremism
- Enhancing Cyber Security
- Enhancing Election Security

- ✓ State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

280566

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and lifelines.

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

The funding for this project will allow for the operational communication and information sharing between Federal, State Local, Tribal and non-governmental agencies and organizations.

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR).

This question is specifically asked in the Investment Justification.

This project provides sustainment for the Statewide Interoperability Coordinator (SWIC). The position is responsible for statewide communications governance, coordination, outreach and support. They maintain the State Communications Interoperability Plan (SCIP), maintain involvement with local, state, regional and national committees and working groups, share information with tribes, counties and special districts, monitor grant performance, and continually evaluate

communication gaps throughout the state.

This project provides sustainment of the currently operating Emergency Alert System (EAS) and provides for an enhanced Public Information and Warning Program to the public, managed within DEM. This project is in direct response to the DHS core capability of Public Information and Warning. This project provides a common platform for Nevada's Public Safety Officials to quickly send out alerts and warnings. Additionally, the projects within this investment produce and deliver a broad range of public information and warning messaging. This includes video content for social media platforms, state websites, TV and radio broadcast. These Public Alerts and Warnings will cover the threats and hazards to Nevada as identified in the THIRA.

12. Please explain your project's nexus to terrorism.

Yes - Operational Communication between Federal, State, Local, Tribal and non-governmental agencies and organizations.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and the beneficiaries of the capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, or Statewide.)

This project provides sustainment for the Statewide Interoperability Coordinator (SWIC). The position is responsible for statewide communications governance, coordination, outreach and support. They maintain the State Communications Interoperability Plan (SCIP), maintain involvement with local, state, regional and national committees and working groups, share information with tribes, counties and special districts, monitor grant performance, and continually evaluate communications plans and training throughout the state. This position is responsible for identifying and addressing communication gaps throughout the state.

This project provides sustainment of the currently operating Emergency Alert System (EAS) and provides for an enhanced Public Information and Warning Program to the public, managed within DEM. This project is in direct response to the DHS core capability of Public Information and Warning. This project provides a common platform for Nevada's Public Safety Officials to quickly send out alerts and warnings. Additionally, the projects within this investment produce and deliver a broad range of public information and warning messaging. This includes video content for social media platforms, state websites, TV

and radio broadcast. This messaging will cover the threats and hazards to Nevada as identified in the THIRA. This messaging promotes education, and awareness of the five cornerstones in emergency management: prevention, protection, mitigation, response and recovery to both public and private sectors. DEM will collaborate and share all content developed within this investment to partners in all jurisdictions and Tribal Nations across Nevada. The end goal is to better prepare all of Nevada in the event of an emergency through comprehensive public information and warning.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify who (i.e., staff, contract) will perform the work.

The SWIC guides jurisdictions with compliance of National Emergency Communications Plan (NECP) and the SCIP. They organize and manage the annual Nevada Communications Interoperability Summit (NCIS), represent the state on the Regional Emergency Communications Coordination Working Group (RECCWG) and the National Council of Statewide Interoperability Coordinators (NCSWIC). The SWIC coordinates between Nevada governance structures along with the Nevada Core Systems (NCORE) Executive Committee, and the Nevada Commission on Homeland Security (NCHS), the Office of the Governor, and other interested bodies.

This project will begin with a thorough review of the current EAS system with input from its front line and end result users. The

State will provide day to day coordination of the system. This project will be managed by key program managers within DEM

under the leadership of an Emergency Management Program Manager (EMPM). Once approved and delivered, the various projects identified will be implemented under a "team" approach within the PIO Program and Technical Services Sections of

DEM and placed within a schedule that identifies the phases of each project and their accompanying milestones. In some cases, where contractors are identified for either program support or for specific projects, the EMPM will assign a specific staff member to oversee their project and work performance to insure programmatic and financial compliance to their portion of the investment. Each individual program: PIO and Technical Services shall have their portions of the overall investment identified with a programmatic workplan and a budget to insure understanding and continual compliance with the investment. Quarterly reporting and grant compliance shall be maintained. State rules and regulation regarding purchasing and other areas shall be followed. We shall maintain an "audit-ready" posture throughout the life of the investment.

15. How much of this investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation may be met by funding projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim))

0

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

This program is currently in place and is funded by SHSP, SLIGP 2.0 and state funding. Current funding is 15% SHSP funds. Future sustainment is required to continue the program mission and to achieve the goal of these services in support of the NECP. This position is also required by HSGP for any communications related projects.

Funding requested covers the EASWEA subscription as well as mass notification subscription. This will be a continual request through HSGP.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

Yes, If necessary travel can be cut by 10%. Some of the deliverable in the media and the outreach programs are scalable.

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89701

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project strictly maintains a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Build

Sustain

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support emergency or disaster operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002, as amended. Is the core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

22. Does this project support a NIMS typed resource? If yes, continue to the next question.<p> To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

N/A

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

N/A

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, include the year, investment name, and the last milestone completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

SWIC, Public Alerts and Warnings and NIMS Technology 2021,2020,2019

Execute

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Initiate - The authorization to begin work or resume work on any particular activity.

Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities to the project as a whole and/or any specific phases of the project.

✓ Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.

Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and taking corrective action based on the results of the monitoring.

Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

40479.50	Personnel (Not Contractors) Amount
13866.50	Personnel Fringe Benefits (Not Contractors) Amount
27332	Travel Amount
	Equipment Amount (over \$5,000)
20000	Supplies Amount
	Contractual Amount
	Construction Amount
167670	Other Amount
269,348.00	TOTAL

Category Budget Totals [top](#)

Funding Sources/Revenues	Personnel & Fringe	Travel	Planning Organization	Equipment
Category Total from the Line Item Detail Tab	\$ 54,346.00	\$ 27,332.00	\$ 167,670.00	\$ 20,000.00
Total	\$ 54,346.00	\$ 27,332.00	\$ 167,670.00	\$ 0.00 \$ 20,000.00

Pre-Application [top](#)

1. To qualify for this grant you must be a state, territory, local, or tribal government. Are you a state, territory, local, or tribal government?

- Yes
- No

2. Did you participate in the Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) process? Answering No will not apply for FFY 2022 grant funds.

Please ensure you send a representative to participate in the FFY 2021 THIRA process to be eligible for the FFY 2022 Homeland Security Grant Program funds.

- Yes
- No, However our agency/jurisdiction will send a representative this year to participate.

3. Did you activate your emergency operation center for COVID-19 response and recovery and/or hold a tabletop exercise in the calendar year 2021 or 2022?
COVID19 Activation, 2TTX and 1FSE

4. All funds granted under the Homeland Security Grant Program must focus on preventing terrorism and other catastrophic events and to prepare the Nation for the threat that pose the greatest risk to the security of the United States. Does your application focus on this requirement? If it does not, your application is not eligible.

- Yes
- No

5. National Incident Management System (NIMS) implementation is required before allocating any federal preparedness awards in FFY 2022. Recipients must ensure and implementation of NIMS. Are you NIMS compliant?

Please reference the Notice of Funding Opportunity for FFY2021 as a guideline for NIMS compliance until the FFY2022 Notice of Funding Opportunity is released and will supersede.

- Yes, we have formally adopted NIMS
- No
- No, but we will be compliant prior to receiving grant funds

6. In order for your application to be considered, you must attend open meetings to testify in front of either the Nevada Resilience Advisory Committee (NRAC) or Urban Area (UAWG) as well as Committee on Finance (COF) and the Nevada Commission on Homeland Security (NCHS). This is a requirement of the grant. If you do not send representative will not be considered.

The NRAC Meeting will be held on 05/31/2022 :: The UAWG Meeting will be held on 05/26/2022 & 06/01/2022 :: Further Dates can be found in the Resource Documents in the FFY22

- Yes, I agree.

7. Did you participate in the Integrated Preparedness Plan Workshop (IPPW)?

- Yes, my jurisdiction participated
- No, my jurisdiction did not participate

8. All procurement is required to be compliant with Nevada Revised Statute 333 and/or Nevada Revised Statute 332. Per FEMA legal opinion, locals may not use NRS 332.200. Procurement that NRS 332.115 is less restrictive than 2CFR Part 200. All procurement must be free and open competition. Any sole source procurement must be pre-approved by DEM in advance of the procurement.

You may view the written legal opinion in the "Resource Document" tab.

- Yes, I agree.

9. Each jurisdiction must complete its own application. The submitter of the grant application will be the recipient of funds. Without an application, the Division of Emergency Management is unable to issue a grant. Sub-Grantees may not sub grant funds.

Yes, I understand.

Application Questions [top](#)

1. Name of the Homeland Security Grant Program (HSGP) funding stream you are requesting funding for:

- State Homeland Security Program (SHSP)
Urban Area Security Initiative (UASI)

2. Name of Project

Name the project by the jurisdiction name and project intent.

Tribal NIMS

3. Classification - click the primary intention of the Proposed Project (NEW, MAINTAIN, or ENHANCE)

A list of the Strategic Programs is in the Nevada Homeland Security and Emergency Management Enterprise 2022 document in the resource documents section (Page 6).

Project is NEW (No grant-funded projects have recently addressed this capability within the past five years; OR the project has not been funded in the past). YOUR PROJECT WILL BE COMPETITIVE.

- Project will be MAINTAINED - Project is a FFY 22 Strategic Program and with minimal budget change
Project is an ENHANCEMENT - Project is a FFY 22 Strategic Program with a significant budget change -YOUR PROJECT WILL BE COMPETITIVE

4. Please enter the name of the Strategic Program exactly as it appears on Page 6 of the Nevada Homeland Security and Emergency Management Enterprise 2022.

If your project is enhanced it will be considered competitive.

National Incident Management System - Tribal NIMS

5. Please choose one of the five mission areas or you may choose "All of the Above".

Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism

Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations and way of life to thrive

Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.

Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.

Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social and environmental fabric of communities affected by a catastrophic incident.

- All of the Above

6. Please select ONE main core capability for your project. If your project does not fit in this list choose not applicable and see question 7.

A description of Mission Areas and Core Capabilities can be found at: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Fatality Management Services
- Fire Management and Suppression
- Infrastructure Systems
- Logistics and Supply Chain Management
- Mass Care Services
- Mass Search and Rescue Operations
- On-Scene Security, Protection, and Law Enforcement
- Operational Communication
- Public Health, Healthcare, and Emergency Medical Services
- Health and Social Services
- Economic Recovery
- Natural and Cultural Resources
- Housing
- Not Applicable (choose from the second list)

7. If you selected not applicable on question 6, please select one main core capability from this list. Otherwise, select not applicable.

A description of Mission Areas and Core Capabilities: <https://www.fema.gov/emergency-managers/national-preparedness/mission-core-capabilities>

- Planning
- Public Information and Warning
- Operational Coordination
- Forensics and Attribution
- Intelligence and Information Sharing
- Interdiction and Disruption
- Screening, Search and Detection
- Access Control and Identity Verification
- Physical Protective Measures
- Cybersecurity
- Supply Chain Integrity and Security
- Risk Management for Protection Programs and Activities
- Risk and Disaster Resilience Assessment
- Community Resilience
- Long-term Vulnerability Reduction
- Threats and Hazards Identification
- Environmental Response/Health and Safety

8. Please select the National Priority Area that your project applies to. If your project is not one of the 6 listed National Priority Areas, select "State Priority"

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

- Enhancing Community Preparedness and Resilience
 - Enhancing the Protection of Soft Targets/Crowded Places
 - Enhancing Information Sharing and Intelligence Sharing and Analysis and cooperation with federal agencies including DHS
 - Combatting Domestic Violent Extremism
 - Enhancing Cyber Security
 - Enhancing Election Security
 - State Priority

9. Please identify how much funding is allocated to the project to the National Priority?

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

92700

10. Describe how your project fits into the FFY 2022 National Priority or state strategic priorities. Please ensure your project falls under the listed core capability and life

Please refer 2022 HSGP Notice of Funding Opportunity once it has been released.

Lifelines: Safety and Security

Cyber, Soft Targets, Information sharing, Domestic Violent Ext, Emerging Threats

- Intelligence and information sharing
- Planning
- Public information and warning
- Operational coordination

Plus Planning, Training, Exercises and Equipment

11. Describe the investment or project, specifically how it addresses gaps and/or sustainment in the Threat and Hazard Identification Risk Assessment (THIRA)/Stakeholder Review (SPR).

This question is specifically asked in the Investment Justification.

The outcome of this project sustains the continued delivery of the tribal training, exercise, planning, and resource management programs needed to remain in compliance with federal. These programs span all of the core capabilities; including those of Operational Coordination, Operational Communication, Public Information and Warning, and Planning; and provide cooperation at all levels and for all types of disasters throughout the tribes. Services will be provided for all tribal governments, and non-governmental organizations. Maintaining N necessary to ensure all organizations within the state remain eligible for Homeland Security grant funding. The Division of Emergency Management will review priorities as defined and incident-driven gaps to reduce the impacts on Nevada and be better prepared for any hazard.

12. Please explain your project's nexus to terrorism.

Yes- All Operational Coordination and Public Information and Warning functions will be applicable to terrorism events. Planning, Training, and Exercises conducted will prepare organization statewide to respond to terrorism. Equipment will be used for operational coordination during terrorism events, and resources are being cataloged and typed in preparation for a mutual aid.

13. Project Outcome (Describe the goal of the Proposed Project in a summary statement). Describe the Proposed Project. Quantify the Capability. Identify the users and capability. What will this project do for the entire State of Nevada? Identify the geographic location of the project (Specify County, Multiple Counties (List), Urban Area, etc.)

The outcome of this project sustains the continued delivery of the Tribal training, exercise, planning, and resource management programs needed to remain in compliance with federal. These programs span all of the core capabilities; including those of Operational Coordination, Operational Communication, Public Information and Warning, and Planning; and provide cooperation at all levels and for all types of disasters throughout the state. Services will be provided for all jurisdictions and agencies including state agencies, local jurisdictions, tribal, and governmental organizations. Maintaining NIMS compliance is necessary to ensure all organizations within the state remain eligible for Homeland Security grant funding.

14. Project Implementation - Describe how, and by whom, the proposed project will be implemented. Describe the process by which the project will be accomplished. Identify the contract) will perform the work.

This project will be managed by key program managers within DEM under the leadership of an Emergency Management Program Manager (EMPM). Once approved and delivered, the project identified will be implemented under a "team" approach within the Preparedness and Technical Services Sections of NDEM and placed within a schedule that identifies the phases and accompanying milestones. In some cases, where contractors are identified for either program support or for specific projects, the EMPM will assign a NTECC staff member to oversee performance to ensure programmatic and financial compliance to their portion of the investment. Each individual program: Planning, Training, Exercise, Resource Management, and their portions of the overall investment identified with a programmatic work plan and a budget to ensure understanding and continued compliance with the investment. Quarterly reporting compliance shall be maintained. State rules and regulations regarding purchasing and other areas shall be followed. We shall maintain an "audit-ready" posture throughout the life of the investment. At the conclusion of this investment, we shall provide a report specific to the goals and eventual outcomes achieved by this investment.

15. How much of this Investment in dollars will be obligated towards Law Enforcement Terrorism Prevention Activities (LETPA) Under 6 U.S.C. § 607, The LETPA allocation projects in any combination of the five National Priority Areas identified above and any other investments.

For additional information, you may review: 6 USC 607 (a) 2 here: [https://uscode.house.gov/view.xhtml?req=\(title:6%20section:607%20edition:prelim\)0](https://uscode.house.gov/view.xhtml?req=(title:6%20section:607%20edition:prelim)0)

16. Sustainment Plan: Identify any continuing financial obligation created by the Project, and proposed funding solution.

Changes in NIMS requirements and attrition within agencies and organizations necessitate the constant need for NIMS Program investments. NIMS assessments of capabilities such as Preparedness Review (SPR), Threat and Hazard Identification and Risk Assessment (THIRA), and After Action Reports / Improvement Plans from exercises and real events also demonstrate the need for a sustained NIMS program. The New Integrated Preparedness Plan (IPP) will assist in priority and gap processes. Maintenance funding will also be necessary to maintain licenses, and an inventory of ever-changing resources spread out across the state, as well as maintenance of a credentialing system that includes a repository of documents used in verification.

17. Can this project funding request be reduced? Is it scaleable? Please answer Yes or No, and explain below.

Yes- Reductions in funding will directly reduce the planning, training and exercise support to the tribal & local jurisdiction within the state.

18. Project Location: Provide the 5-digit zip code where the project will be executed. The project location could be distinct from the sub-recipient address.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

89706

19. Build or Sustain: Select "build" if this project focuses on starting a new capability or the intent of the project is to close a capability gap or "sustain" if the purpose of the project is to maintain a core capability at its existing current level.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Build

20. Is this request deployable? All assets supported in part or entirely with FFY 2022 HSGP funding must be readily deployable and NIMS-typed when possible to support operations per existing Emergency Management Assistance Compact (EMAC) under 6 U.S.C. § 609, and any other applicable provision of the Homeland Security Act of 2002. Core capability supported by this project deployable to other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

21. Shareable: Is the core capability supported by this project shareable with other jurisdictions? (Yes/No)

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

22. Does this project support a NIMS typed resource? If yes, continue to the next question. <p> To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Yes

No

23. Enter the name of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

NA

24. Enter the ID of the typed resources from the Resource Typing Library Tool. If not applicable, type in "not applicable" To search for a resource Please visit: <https://rtlt.preptoolkit.fema.gov/Public>

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

NA

25. Does this project require new construction, renovation, retrofitting, or modifications of an existing structure?

Please see slides 4 and 5 of EHP Screening Instructions in the "Resource Documents" tab. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

No

26. Does this project support a previously awarded project or investment? If yes, list up to three prior years' investments or projects, Include the year, investment name completed. The milestones are defined as Initiate, Plan, Execute, Control or Closeout.

Example: 2019, Recovery Framework, Control - 2020, Recovery Framework, Closeout - 2021 no project submitted. This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

2021 Tribal NIMS
2020 Tribal NIMS - All Haz Training, Statewide FSE, Planning rework, Resource Management
2019 Tribal NIMS - All Haz Training, Statewide FSE, Planning rework, Resource Management
2018 Tribal NIMS - All Haz Training, Statewide FSE, Planning rework, Resource Management

27. FEMA/DHS requires grant-funded projects to be categorized under project management to have a beginning and end. Under this direction, please choose one of the following: Initiate, Plan, Execute, Control or Closeout. Most projects will fall under Initiate, however, several projects may be in phase 2 or phase 3 of multiyear projects.

This question is for data collection for the Biannual Strategy Implementation Report (BSIR)

Initiate - The authorization to begin work or resume work on any particular activity.

Plan - The purposes of establishing, at an early date, the parameters of the project that is going to be worked on as well as to try to delineate any specifics and/or any peculiarities of the whole and/or any specific phases of the project.

Execute - The period within the project lifecycle during which the actual work of creating the project's deliverables is carried out.

Control - A mechanism which reacts to the current project status in order to ensure accomplishment of project objectives. This involves planning, measuring, monitoring, and reporting based on the results of the monitoring.

Close Out - The completion of all work on a project. Can also refer to completion of a phase of the project.

28. Separate your budget into categories for the Standard form A- Budget Information for Non-Construction Programs (SF-424A)

Personnel (Not Contractors) Amount
Personnel Fringe Benefits (Not Contractors) Amount
6000 Travel Amount
Equipment Amount (over \$5,000)
5100 Supplies Amount
81600 Contractual Amount
Construction Amount
Other Amount

92,700.00 TOTAL
