INCIDENT FACTS

Incident Start Date: August 14, 2021		Incident Start Time: 6:54 P.M.	
Incident Type: Wildland Fire		Cause: Under Investigation	
Incident Location: 2 miles east of Omo Ranch, 4 miles south of the community of Grizzly Flats			
CAL FIRE Unit: Amador – El Dorado AEU			
Unified Command Agencies: CAL FIRE AEU, USDA Forest Service – Eldorado National Forest			
Size:	212,907	Containment:	29%
Expected Full Containment:	September 27, 2021		
First Responder Fatalities:	0	First Responder Injuries:	4
Civilian Fatalities:	0	Civilian Injuries:	2
Structures Threatened:	31,901	Structures Damaged:	55
Single Residences Destroyed:	661	Commercial Properties Destroyed:	12
Other Minor Structures Destroyed:			184

ASSIGNED RESOURCES

Engines:	523	Water Tenders:	84	Helicopters:	27	Hand Crews:	62	Dozers:	95
Other:	34		Total Personnel:		4,415				
Air Tankers:	Numerous firefighting air tankers from throughout the State are flying fire suppression missions as conditions allow.								

CURRENT SITUATION

WEST ZONE Situation Summary:

Incident Information:

<https://linktr.ee/IMT6>

Fire activity decreased overnight due to moderate humidity recovery and a decrease in winds. Firefighters took advantage of these favorable conditions to build more control line and work direct along the northern edge of the fire. Spot fires from the wind event two days ago continue to be found and firefighters engaged when safe to do so. Minimal fire growth occurred in the Kirkwood area. Today crews will work to tie in more control line and mop up.

To better provide public and firefighter safety due to extreme fire conditions throughout Northern California, and strained firefighter resources throughout the Country, the USDA Forest Service Pacific Southwest Region is announcing a temporary closure of all National Forests in California. The closure order can be found at <https://tinyurl.com/USFSClosure>.

<p>EAST ZONE Situation Summary:</p>	<p>Weather continued to moderate yesterday with cooler temperatures in the 70's and lighter southwest winds and some gustier conditions on the ridge tops. Fire growth was minimal on the East Zone with some perimeter expansion near Cold Creek on the northeast edge, at Luther Spire east of Christmas Valley, and in timber stringers north of Caples Lake. Today the inversion will break around 10 a.m. when fire behavior may begin to increase. Relative humidity is expected to be in the teens, winds will switch to the east-southeast with gusts to 20 mph on ridges. Exceptionally dry fuel conditions exist in and round the fire area.</p> <p>Yesterday the fire was active at Lower Echo Lake, hand crews were successful extinguishing interior hot spots and directly on the fire's edge. Structure protection preparations and mop up around cabins continued at both Lower and Upper Echo Lake. The fire was active along the northeast flank, northeast of Pioneer Trail. Here hand crews and dozers constructed fireline adjacent to active fire to herd the fire toward Cold Creek and connect into completed dozer line along the powerline corridor. At the head of the fire near Trimmer Peak, hotshot crews were successful extinguishing fire around numerous hot spots. Dozers and hand crews worked along the fire's edge from Trimmer Peak southwest to Saxon Creek. In Christmas Valley east of SR 89, the fire remained active and hand crews began constructing indirect fireline using trails in the area that will connect back to the main fire in Saxton Creek.</p> <p>Today hand crews will continue to build and improve fireline along the fire perimeter near Lower and Upper Echo Lakes, northeast of Pioneer Trail toward Cold Creek, and east of SR 89 at Luther Spire. Air resources will assist firefighters on the ground with retardant and water drops to slow fire movement and cool hot spots along the fire perimeter as conditions allow. In Hope Valley along California SR 88, a contingency group will use masticators to reduce dense vegetation along the highway corridor.</p>
<p>Local Assistance Center:</p>	<p>Address: 6699 Campus Drive, Placerville, CA 95667. Located at Folsom Lake Community College, El Dorado Campus, Fitness Center Building.</p> <p>Hours:</p> <p>Mon., Tues., Thur., Fri. 10:00 a.m. to 5:00 p.m.</p> <p>Wed. 1:00 p.m. to 7:00 p.m.</p> <p>Sat. 10:00 a.m. to 3:00 p.m.</p>
<p>Amador County Evacuations:</p>	<p><u>AMADOR COUNTY – ORDERS</u></p> <ul style="list-style-type: none"> • South of Highway 88 along the Amador/El Dorado County line from Dufrene Road, due east to the Amador/Alpine County line and from the Amador/Alpine County line north to Highway 88. This includes the area of Kirkwood Lake. <p><u>AMADOR COUNTY – WARNINGS</u></p> <ul style="list-style-type: none"> • South of the Amador/El Dorado County line along Highway 88 from Dufrene Road west to Omo Ranch Road. • North of Tiger Creek Road East to Salt Springs Reservoir Road to the East end of the Salt Springs Reservoir. • West of the Amador/Alpine County line to Highway 88. • East of Highway 88 to the Amador/Alpine County line <p><u>AMADOR – ROAD CLOSURES</u></p> <ul style="list-style-type: none"> • Highway 88 is closed between Peddlers Ridge and the Highway 88/89 interchange.

**El Dorado County
Evacuations:**

EL DORADO COUNTY – ORDERS

- AL TAHOE - All residences off of Lakeview which is west of Highway 50 North of Blue Lakes Road and east of Tahoe Keys Neighborhood.
- BIG MTN - The area south of North South Road north of the Barney Ridge area and south of Dogtown Creek.
