

THIS INFORMATION MAY SAVE YOUR LIFE

IF YOU'RE STUCK ON THE TRACKS, GET OUT OF YOUR VEHICLE!

If your vehicle is physically on the train tracks at a grade crossing and the lights begin to flash, you may only have 20 seconds to escape before the train makes it to your location. **Twenty seconds** is the minimal amount of time that it takes a train to reach the grade crossing once the warning lights activate.

If this happens to you, remember the word "GO," as in GET OUT of your vehicle!

Once outside, run in a 45 degree angle away from the tracks in the direction that the train is coming, then **immediately dial 911**.

THIS INFORMATION MAY SAVE YOUR LIFE

If you are stuck on the tracks, and there are NO WARNING LIGHTS, or the warning lights HAVE NOT ACTIVATED YET, **GET OUT of your vehicle and immediately dial 911 and the ENS (Emergency Notification System) number** located on the railroad crossing posts or the metal control box near the tracks. Provide the location, crossing number (if posted) and the road or highway that intersects the tracks. **Be sure to specify that a vehicle is on the tracks!**

Railroad Emergency Notification numbers:

Amtrak	1-800-331-0008
BNSF Railway	1-800-832-5452
CSX	1-800-232-0144
Canadian National	1-800-465-9239
Canadian Pacific	1-800-716-9132
Kansas City Southern	1-800-892-6295
Norfolk Southern	1-800-453-2530
Union Pacific	1-888-877-7267

Amtrak is a registered service mark of the National Railroad Passenger Corporation.
